predicate

Oxford Advanced Learners Dictionary 8th Ed.

predi-cate [predicate predicates predicated predicating] *noun, verb*

noun *BrE* ['predɪkət] ^m ; *NAme* ['predɪkət] ^m (grammar)
a part of a sentence containing a verb that makes a statement about the subject of the verb, such as went home in John went home.
compare †object *n.* (5)

Word Origin:

late Middle English (as a noun): from Latin **praedicatum** 'something declared', neuter of **praedicatus** 'declared, proclaimed', past participle of the verb **praedicare**, from **prae** 'beforehand' + **dicare** 'make known'.

verb *BrE* ['predɪkeɪt] ^m ; *NAme* ['predɪkeɪt] ^m (formal)

1. **usually passive ~ sth on/upon sth** to base sth on a particular belief, idea or principle
 - Democracy is predicated upon the rule of law.
2. **~ that... | ~ sth** to state that sth is true
 - The article predicates that the market collapse was caused by weakness of the dollar.
