Word Origin:

late Middle English (as a noun): of unknown origin.

lop

Longman DOCE 5th Ed. (En-En)

lop /lɒp \$ lɑːp *BrE* ¹ *AmE* ¹ (also **lop off**) **verb** (past tense and past participle **lopped**, present participle **lopping**) [transitive]

[Date: 1500-1600; Origin: lop 'small branches cut off' (15-20 centuries)]

1. to cut something, especially branches from a tree, usually with a single strong movement **SYN chop, chop off.**

Workmen have lopped off more branches in an effort to save the tree.

2. to reduce an amount, especially of money, by a particular amount:

They lopped £16 off the price.

lop something from something

Citicorp plans to lop \$1.5 billion a year from its operating costs.
