Word Origin:

early 16th cent. (in the sense 'beget, procreate'): from Latin generat- **'created'** , from the verb generare, from genus, gener- **'stock, race'** .

Synonyms :
make

do • create • develop • produce • generate • form

  These words all mean to make sth from parts or materials, or to cause sth to exist or happen.

  make • to create or prepare sth by combining materials or putting parts together; to cause sth to exist or happen: ▪ She makes her own clothes. ◇▪ She ▪ made a good impression ▪ on the interviewer.

  do • (rather informal) to make or prepare sth, especially sth artistic or sth to eat: ▪ He did a beautiful drawing of a house. ◇▪ Who's doing the food for the party?

  create • to make sth exist or happen, especially sth new that did not exist before: ▪ Scientists disagree about how the universe was created.

  make or create?
  Make is a more general word and is more often used for physical things: you would usually make a table/dress/cake but create jobs/wealth. You can use **create** for sth physical in order to emphasize how original or unusual the object is: ▪ Try this new dish, created by our head chef.

  develop • (used especially in business contexts) to think of and produce a new product: ▪ to develop new software

  produce • to make things to be sold; to create sth using skill: ▪ a factory that produces microchips

  generate • to produce or create sth, especially power, money or ideas: ▪ to generate electricity ◇▪ Brainstorming is a good way of generating ideas.

  form • [often passive] to make sth from sth else; to make sth into sth else: ▪ Rearrange the letters to form a new word. ◇▪ The chain is formed from 136 links.

   to make/create/develop/produce/generate/form sth **from/out of** sth
