ward

Oxford Advanced Learners Dictionary 8th Ed.

ward [ward wards warded warding] **noun, verb** BrE [wɔːrɪd] **NAme** [wɔːrɪd]**noun****1. a separate room or area in a hospital for people with the same type of medical condition**

- a **maternity/surgical/psychiatric/children's, etc. ward**

- He worked as a nurse **on the** children's **ward** .

2. (in Britain) one of the areas into which a city is divided and which elects and is represented by a member of the local council**3. (law) a person, especially a child, who is under the legal protection of a court or another person (called a [↑]guardian)**

- The child was made a **ward of court** .

Word Origin:

Old English weard (originally referring to 'the action of keeping a lookout for danger', also 'body of guards'), weardian 'keep safe, guard', of Germanic origin; reinforced in Middle English by Old Northern French **warde** (noun), **warder** (verb) '**guard**' .

Example Bank:

- How many midwives are on the ward?
- She spent five days in the maternity ward.
- The doctor was doing her morning ward round.

Derived [↑]ward somebody off
