condom

Oxford Advanced Learners Dictionary 8th Ed.

con·dom [condom condoms] *BrE* ['kɒndəm] ^ˈ *NAmE* ['kɑːndəm] ^ˈ *noun*

1. (BrE also **sheath**) (also NAmE formal or technical **prophy-lac-tic**) a thin rubber covering that a man wears over his ↑**penis** during sex to stop a woman from becoming pregnant or to protect against disease
 2. **female condom** a thin rubber device that a woman wears inside her ↑**vagina** during sex to prevent herself from becoming pregnant
- See also: ↑**prophylactic** ▪ ↑**sheath**

Word Origin:

early 18th cent.: of unknown origin; often said to be named after a physician who invented it, but no such person has been traced.

condom

Longman DOCE 5th Ed. (En-En)
