template

Oxford Advanced Learners Dictionary 8th Ed.

tem·plate [template templates] *BrE* [ˈtɛmpleɪt] [ⓘ] *NAmE* [ˈtɛmpleɪt] [ⓘ] **noun**

1. a shape cut out of a hard material, used as a model for producing exactly the same shape many times in another material
 - Pressing the template firmly down on the plastic, cut around it with a knife.
2. a thing that is used as a model for producing other similar examples
 - If you need to write a lot of similar letters, set up a template on your computer.
 - In our DNA we all carry a genetic template for the next generation.
 - The director uses his own childhood experiences as a template for the movie.

Word Origin:

late 17th cent. (as *templet*): probably from temple 'a device in a loom for keeping the cloth stretched' + *-et*. The change in the ending in the 19th cent. was due to association with [↑]*plate*.

template

Longman DOCE 5th Ed. (En-En)

tem·plate /ˈtɛmpleɪt, -plət/ *BrE* [ⓘ] *AmE* [ⓘ] **noun** [countable]

[**Date:** 1600-1700; **Language:** French; **Origin:** *templet*, from temple 'instrument in a loom for keeping the cloth stretched', probably from Latin *templum*; ⇒ [↑]*temple*]
