sinus

Oxford Advanced Learners Dictionary 8th Ed.

si-nus [ˈsaɪnəs] *BrE* [ˈsaɪnəs] *AmE* [ˈsaɪnəs] *noun*

any of the hollow spaces in the bones of the head that are connected to the inside of the nose

- blocked sinuses

Word Origin:

late Middle English (in the medical sense): from Latin, literally a recess, bend.

sinus

Longman DOCE 5th Ed. (En-En)

si-nus /ˈsaɪnəs/ *BrE* *AmE* *noun* [countable]

[Date: 1400-1500; Language: Modern Latin; Origin: Latin, 'curve, fold, hollow place']

your sinuses are the spaces in the bones of your head that are connected to the inside of your nose:

- blocked sinuses
- a sinus infection
